Digital Signage Media Server — ViewEdge 100

The ViewEdge® 100 Digital Signage Media Server is our mid-line, fully integrated hardware and software solution for providing web-based management and media distribution. With complete control of to up to one hundred media players, the ViewEdge® 100 is perfect for mid-size single location or several smaller locations.

One Digital Signage Appliance seamlessly distributes: Live TV, web pages, Flash media, PowerPoint presentations, RSS feeds and multiple video, image and audio formats.

With no software to install or network modifications to perform, setting up a UCView Digital Signage Media Server is simple and hassle free.

- One ViewEdge® 100 Appliance can control as many as 100 media players, operating anywhere in the world.

- Self-contained hardware and software solution that minimizes maintenance and serpentine installation/administration issues.

- Compatible with Intranet, Internet and V-LAN connections.

- Web-based administration: Manage campaigns, content, layouts and displays from any web-enabled device, anywhere in the world.

- Cluster multiple Server Appliances to increase capacity and availability. Installing additional units is as simple as installing the first one.

- Schedule content delivery on the fly or weeks in advance.

- Unlike software-only solutions, the UCView Digital Signage Network increases system performance by centralizing the process and management to multi-user enterprise environments.

- Updates and fixes are delivered automatically with no additional administration.

The POWERFUL, STRAIGHTFORWARD and COST EFFECTIVE ENTERPRISE-CLASS DIGITAL SIGNAGE SOLUTION
