

# UCView

Reaching Your Audience

**T**he **ViewEdge 1000** media Server is a high-performance, extensible and a fully scalable digital signage server. This scalable server architecture can help keep your digital signage customers and staff happy while leaving the door open for future growth and expansion of your network., fully integrated hardware and software solution for providing web-based management and media distribution. One Digital Signage Appliance seamlessly distributes: Live TV, web pages, Flash media, PowerPoint presentations, RSS feeds and multiple video, image and audio formats. With no software to install or network modifications to perform, setting up a UCView Digital Signage Appliance is simple and hassle free.

- One ViewEdge 1000 Server can control hundreds to thousands media players, operating anywhere in the world.
- Self-contained hardware and software solution that minimizes maintenance and serpentine installation/administration issues.
- Compatible with Intranet, Internet and V-LAN connections.
- Web-based administration: Manage campaigns, content, layouts and displays from any web-enabled device, anywhere in the world.
- Cluster multiple Servers to increase capacity and availability. Installing additional units is as simple as installing the first one.
- Schedule content delivery on the fly or weeks in advance.
- Unlike software-only solutions, the UCView Digital Signage Network increases system performance by centralizing the process and management to multi-user enterprise environments.
- Updates and fixes are delivered automatically with no additional administration.

## UCView ViewEdge® 1000 Digital Signage Media Server

### Hardware Specifications

- Dual CPU: 3.2 GHz Intel Pentium Core 2 Duo Processor
- Hard drive: Two 1TB ATA with disk mirroring
- Chipset: LGA 775
- System Bus: 1066MHz
- Memory: 8GB DDR2 SDRAM
- Graphics: VGA
- Network: 2 LAN (10/100/1000)
- Interface: Web and Console
- Dimensions: 2 RU, 17" X 11" X 1"

### Hardware Features

- Connections:
  - 1 SVGA
  - 2 Ethernet 10/100/1000
  - 2 USB
  - 2 PS/2 (Keyboard/Mouse)
- Power Requirements:
  - AC 100-200 Volt
  - 500 W

### System Features

- Administration:
  - Web-based interface
  - Console for IP management
  - User account administration
  - Reports and statistics
