

The ViewEdge 100 digital signage media server is our mid-line, fully integrated hardware and software solution for providing web-based management and media distribution. With complete control of up to 250 media players, the ViewEdge 100 is perfect for a mid-sized single location or several smaller locations.

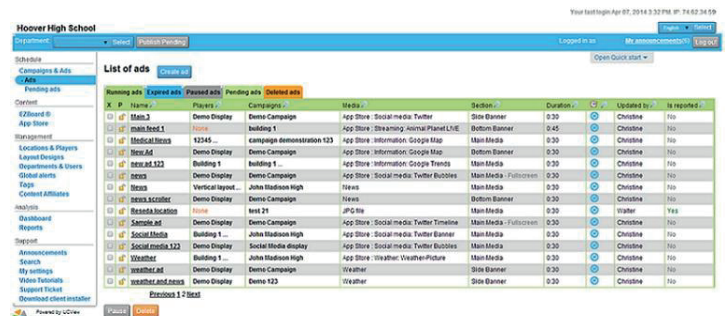

One digital signage appliance can seamlessly distribute: Live TV, web pages, Flash media, PowerPoint presentations, RSS feeds and multiple video, images, and audio formats.

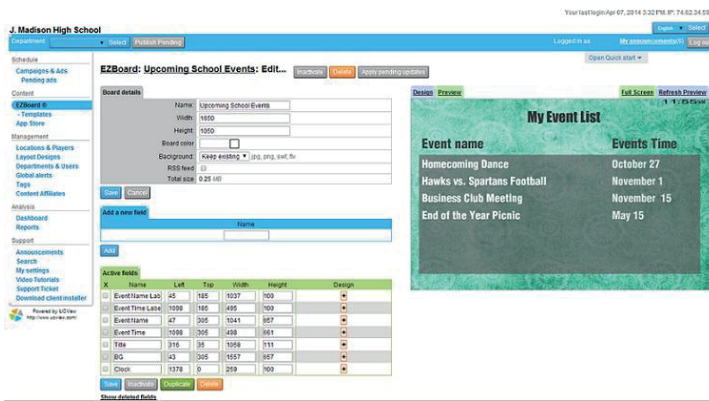

With no software to install or network modifications to perform, setting up a UCView Digital Signage Media Server is simple and hassle-free.

- One ViewEdge 100 appliance can control as many as 250 media players, operating anywhere in the world
- Self - contained hardware and software solution that minimizes maintenance and complicated installation/administration issues.
- Compatible with Internet, and W-LAN connections.

- Web-based administration: Manage campaigns, content, layouts and displays using any web-enabled device from anywhere in the world.
- Cluster multiple Server Appliances to increase capacity and availability. Installing additional units is as simple as installing the first one.
- Schedule content delivery on the fly or weeks in advance.

- Unlike software-only solutions, the UCView Digital Signage Network increases system performance by centralizing the process and management to multi-user enterprise environments.
- Updates and fixes are delivered automatically with no additional administration.
