

Thank you for purchasing the UCView View Media 50 player. Please match the items on the list below with the items in the box. If any item is missing or damaged, please contact your UCView Media Networks sales representative immediately.

- One (1) View Media 50 player
- One (1) Power supply
- One (1) Cable cord
- One (1) Antenna

Installing your VM 50 Player **1**

- 1** Remove packaging - make sure box and plastic casings are stored away in case a return is necessary.
- 2** Plug in the LAN/Ethernet cable into the VM 50 player.
- 3** Plug in your video source, HDMI or DVI cable, into the VM 50 player and the monitor.
- 4** Plug in the Power cable into the VM 50 player.
- 5** Attach the antenna, which is included in your package, to your VM 50 player.

LAN/Ethernet

HDMI

DVI

Power

HDMI (High-Definition Multimedia Interface): A single cable which is capable of transmitting high - definition video and high - resolution audio.

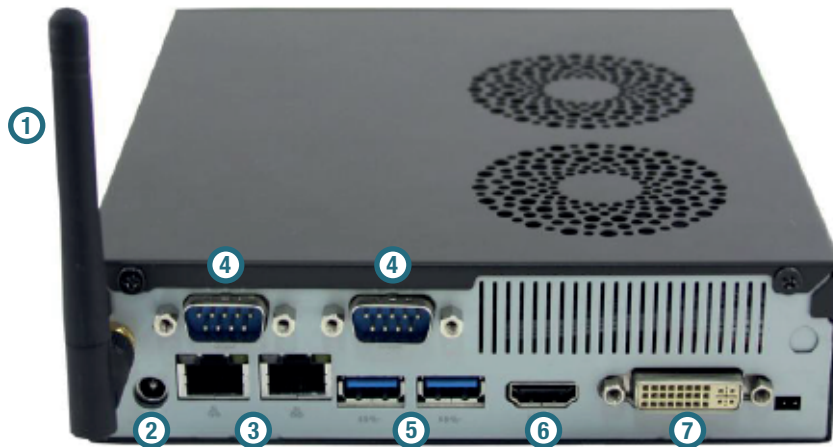

DVI (Digital Video Interface): A cable which is capable of providing digital video signal.

VGA (Video Graphics Array): An analog cable which enables connection from your computer to a monitor.

LAN/Ethernet: A LAN/Ethernet cable can connect to devices over a local area network, such as PCs and routers.

Note: Image depicts the back portion of the VM 50 player. Please connect your cable to the appropriate receptacle labeled below. Images are subject to change without notice.

- ① Antenna ② Power ③ LAN/Ethernet ④ RS232 ⑤ USB Ports ⑥ HDMI ⑦ DVI

- 6 Once the appropriate cables are securely attached to both the VM 50 player and the monitor, firmly press the power button, which is located in front of the VM 50 player.
- 7 Select the correct video input source on your monitor. The Display Password will appear on the screen.

The display password is:

00:00:00:00:00:00

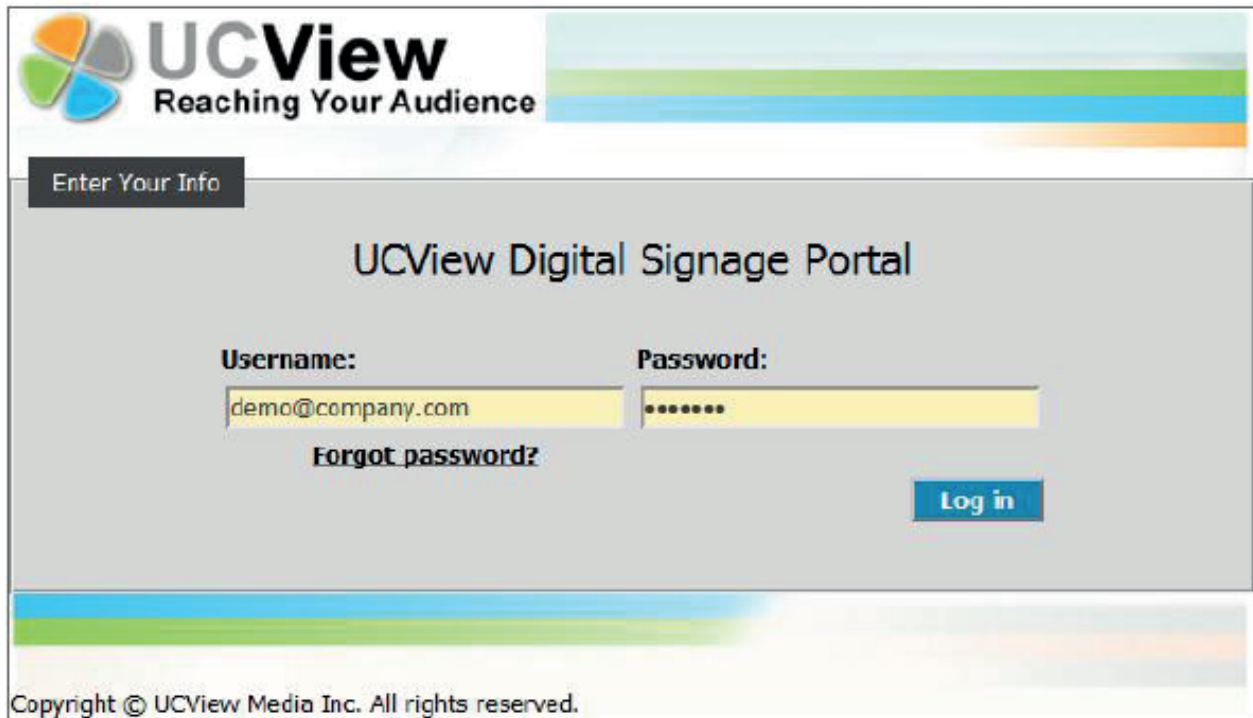

This device has not been linked to any of the displays in your UCView account. Please log in and enter the password shown above when prompted during set-up.

If you believe this message to be in error or have any questions, please contact us via email at support@ucview.com or call us at (877)828-4399 for further assistance.

Using your VM 10 Player 2

- 1 Move over to your workstation to access your management tool.

- 2 Locate the PC you will be using to monitor your digital signage network.
- 3 Open up an Internet browser.
- 4 Type in portal.ucview.com (or your server's address) in the address bar.
- 5 A login screen will appear.

The screenshot shows the UCView Digital Signage Portal login interface. At the top left is the UCView logo with the tagline "Reaching Your Audience". Below the logo is a dark grey button labeled "Enter Your Info". The main heading is "UCView Digital Signage Portal". There are two input fields: "Username:" with the text "demo@company.com" and "Password:" with masked characters "*****". Below the password field is a link for "Forgot password?". A blue "Log in" button is positioned to the right of the password field. At the bottom of the page, there is a copyright notice: "Copyright © UCView Media Inc. All rights reserved."

- 5 Once you press enter, the user interface displaying EZBoard, Campaigns & Ads, etc., will appear.
