# UCView
Point. Click. Signage.
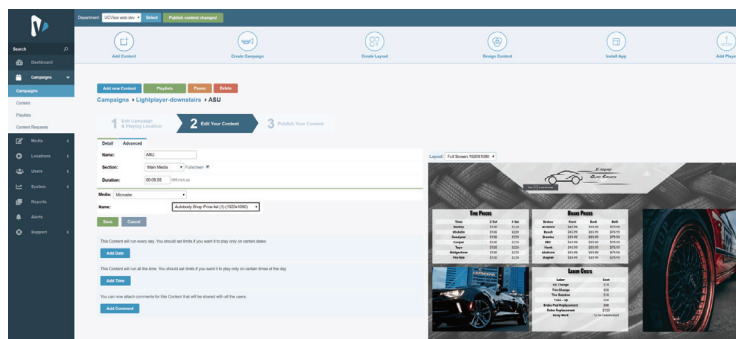

Player Specifications
ViewEdge 500 Server

SPECIFICATIONS:

The ViewEdge 500 Digital Signage Appliance is our most powerful, fully integrated hardware and software solution for providing web-based management and media distribution. With complete control of up to five hundred media players, the ViewEdge 500 is an ideal choice for multi-location signage networks controlling andinstallation.

One Digital Signage Appliance can seamlessly distribute: Live TV, web pages, Flash media, PowerPoint presentations, RSS feeds and multiple video, image and audio formats.

With no software to install or network modifications to perform, setting up a UCView Digital Signage Media Server is simple and hassle-free.

- One ViewEdge 500 appliance can control as many as 750 media players, operating anywhere in the world.

- Self-contained hardware and software solution that minimizes maintenance and complicated installation or administration issues.

- Compatible with Intranet, Internet, and V-LAN connections.

- Web-basedadministration: Manage campaigns, content, layouts and displays using any web-enabled device from anywhere in the world.

- Cluster multiple Server Appliances to increase capacity and availability. Installing additional units is as simple as installing the first one.

- Schedule content delivery on the fly or weeks in advance.

- Unlike software-only solutions, the UCView Digital Signage Network increases system performance by centralizing the process and management to multi-user enterprise environments.

- Updates and fixes are delivered automatically with no additional administration.
